

INVITATION

We would like to invite you to a focus group session to discuss partner employment. On the behalf of The Hague International Spirit (THIS) and Tempo-Team employment agency.

THIS is keen to help make The Hague and surrounding region an even more attractive area for international residents by encouraging interaction between the local business and international communities. With this in mind The Hague International Spirit, in cooperation with Tempo-Team, has initiated a feasibility study for a new service concept focussing on partner employment. This study will be conducted by Sjors Luiten and Jelmer Huizing of Tempo Team.

Prior to the study commencing we would like to discuss the subject of partner employment with you, from your perspective as an experienced expat. Your input will be very useful for our study and therefore your participation would be very much appreciated.

Based on this study Tempo-Team aims to launch a new service concept, focussing exclusively on the partners of internationals. By participating you will assist us in improving the connection between job-seeking internationals and international organisations.

Together we can make the city of The Hague even more appealing to the international community!

The session will take place at: Tempo-Team
